seraset
Tile & Sanitary Ware

Designed by Italy

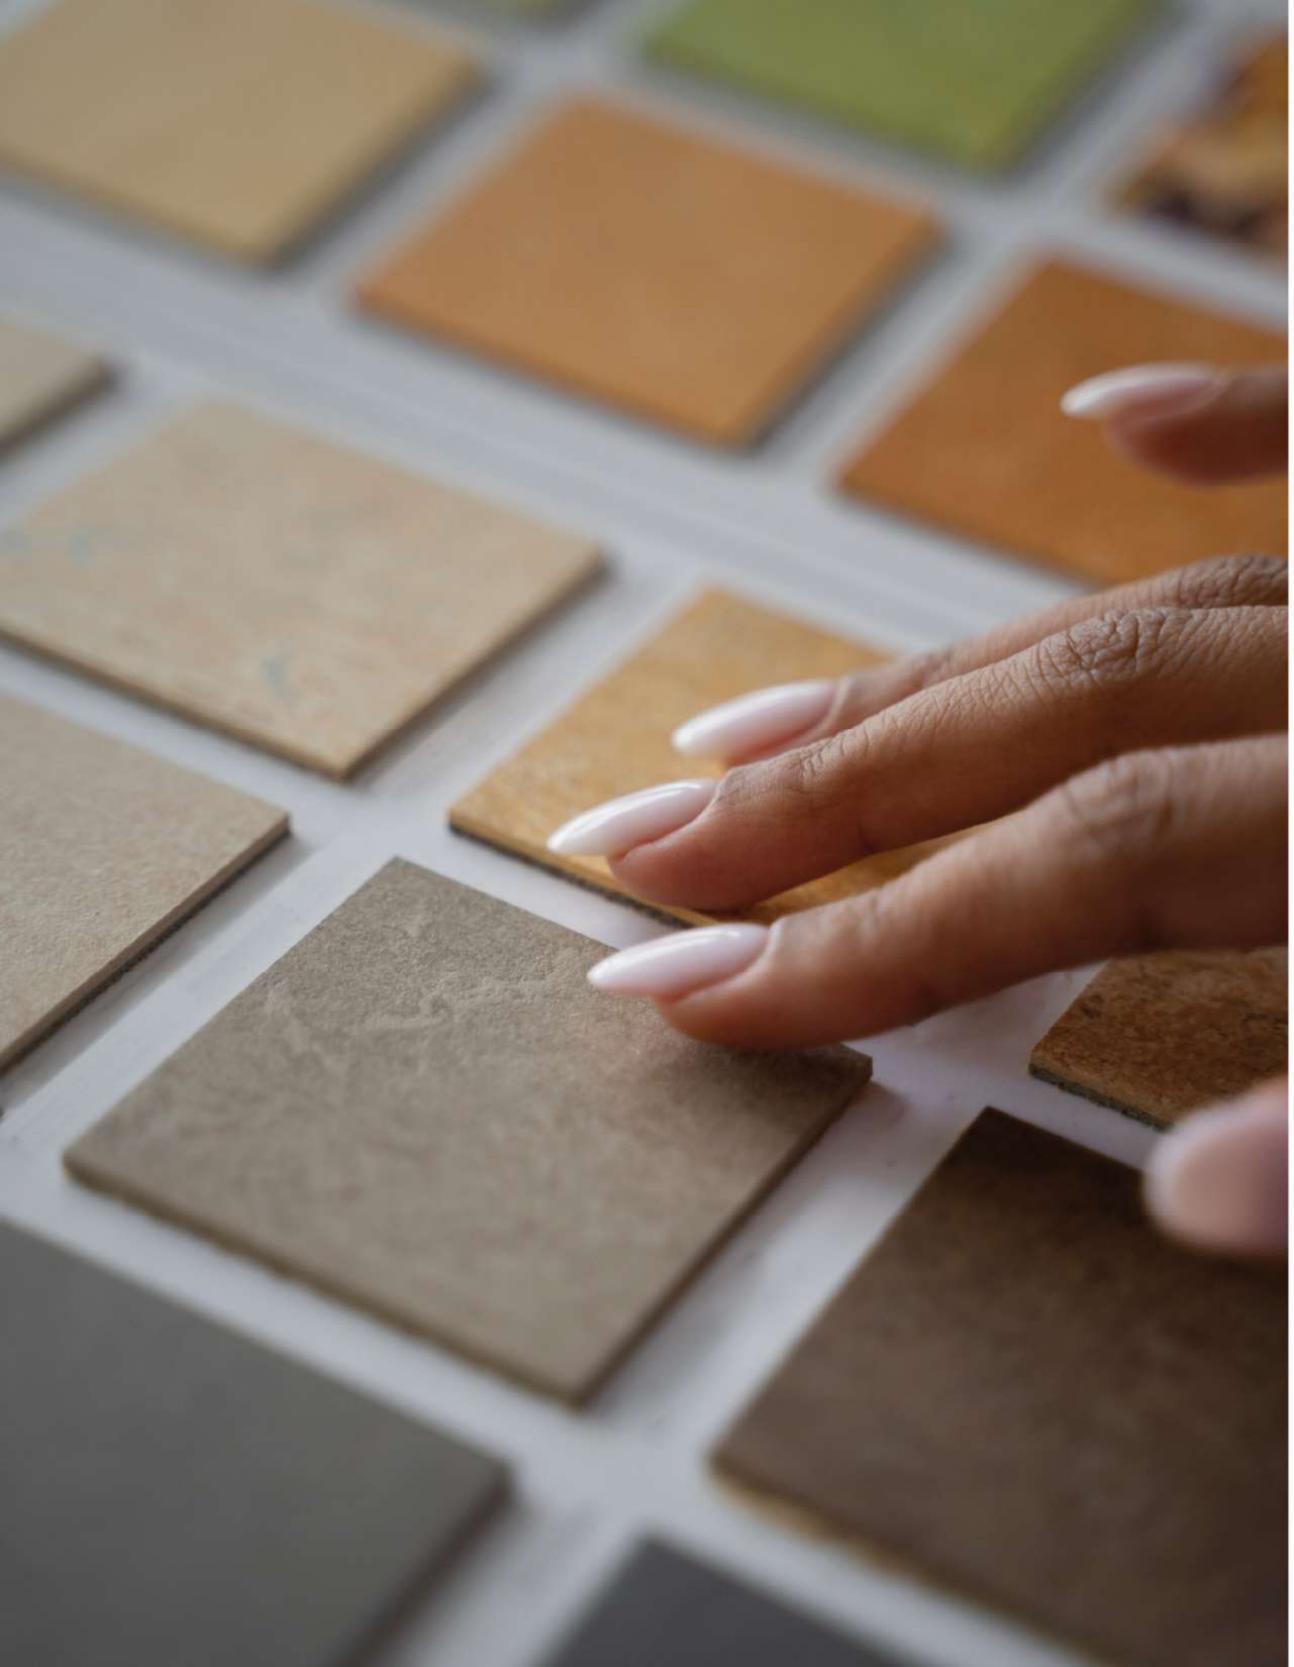

# Ever Lasting Beauty & Peace Of Mind

"Padideh Tejarat Shakiba Cooperative Company" was established in 2006 with the activity of supplying construction materials especially in the fields of ceramic tiles and sanitary ware for the upper class of the customer segments who were looking for the unique products of distinct designs and higher quality, and therefore the brand of "Seraset" was established in 2016 in order to precisely comprehend and respond to the ever growing needs of its customers.

The founders of " Padideh Tejarat Shakiba Cooperative Co. " who are indeed the creator of " Seraset " have been the pioneers of the industry of sanitary ware, tiles and ceramics since the beginning of 1980's, and have valuable experiences and reputation in the fields of production and commercial activities.

"Seraset" by comprehending the needs of its customers, utilizing the latest technology of the industry, using the highest quality of the materials, innovating and creating the most beautiful designs and colors of tiles, ceramics and sanitary ware and is committed to bringing ever lasting beauty and peace of mind to its customers.

In this regard "Seraset " has not only been able to enhance it's market share especially for the VIP projects in the local market, but also it has expanded its export to the overseas markets which are looking for the unique products and designs.

# MOBILE SOUND BOOST (Ava Phone)

Color ( Matt & Glossy )

Mobile Sound Boost just like its name is developed to boost the mobile sound. M.S.B is produced with its special design and in different colors under Seraset Brand. In addition to boosting your mobile sound, this unique device could be utilized as a decorative item in home or workplace. You just play your desired music, put your mobile on top of the Mobile Sound Boost and feel the magic! Your mobile sound will be doubled.

# MOBILE SOUND BOOST

Color ( Matt & Glossy )

**More enjoyable music experience with mobile sound boost.**

# PORCELAIN GLUE

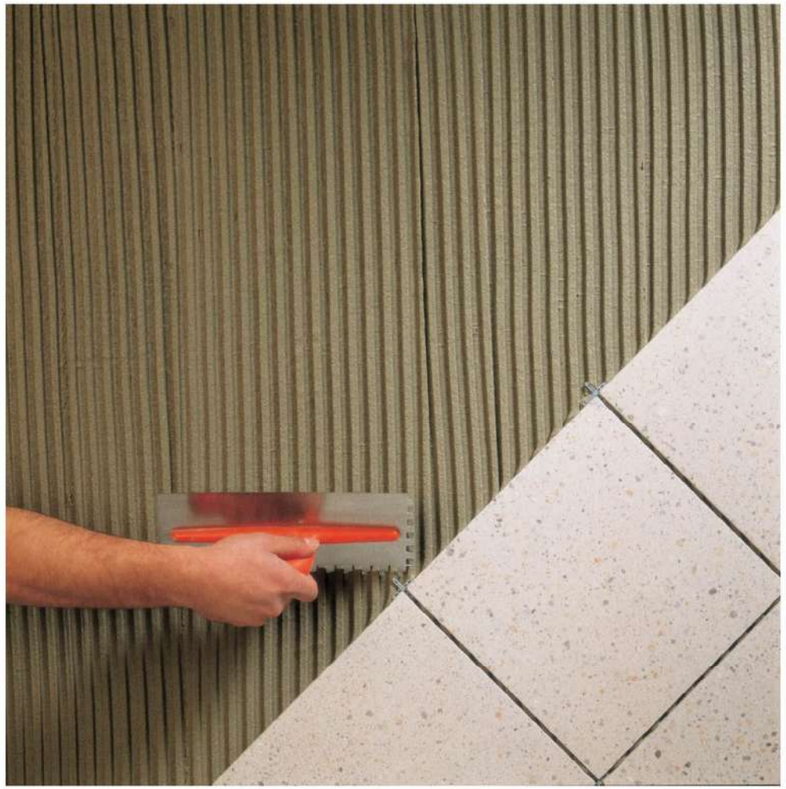

Porcelain ceramics have very little water absorption, for this purpose, a type of glue has been made in the chemical industry, which is called porcelain glue.

These adhesives can stick ceramic tiles to different surfaces. Porcelain glue has many advantages over ordinary glues. Ordinary glues cannot stick porcelain tiles and ceramics to different surfaces and will need other materials such as cement, but porcelain glue can easily handle this task.

Porcelain adhesives are available in the market in the form of powder and paste.

| TECHNICAL DATA | |
|---|---|
| **Color** | Grey / White |
| **Quality Type** | Passes tests as per C1T/EN12004. |
| **Mixing Water %** | 28-30% |
| **Adjustability Time** | >30 minutes. |
| **Open Time** | >20 minutes. |
| **Ready to Grout** | 24 hours |
| **Ready to Use** | 14 days |
| **Packaging** | 20kg and 25kg craft bags. |
| **Storage** | 6 months in original unopened containers. |
